

CTI GROUP WORLDWIDE SERVICES, INC.

Standard Operating Procedure

Marketing and Recruiter Communications Policy

Content Standards, Audit Cadence, Escalation, and Termination Protocols

1. Purpose and Scope

This Standard Operating Procedure (“SOP”) establishes the mandatory standards, controls, and accountability framework for all marketing, advertising, and recruitment-related communications conducted on behalf of CTI Group Worldwide Services, Inc. (“CTI”) in connection with the J-1 Exchange Visitor Program (Intern, Trainee, and adjacent categories under expansion).

This SOP applies to: CTI internal marketing and recruitment staff; partner institutions (schools, vocational programs); third-party recruiters under contract with CTI; affiliated CTI office personnel in Indonesia and across the Asia-Pacific region; and any individual representing CTI in any communication channel — public or private, including encrypted channels such as WhatsApp, Telegram, and equivalent platforms.

CTI owns the full chain of recruiter communications. Any communication conducted on CTI’s behalf is governed by this SOP, regardless of whether the communicator is a direct CTI employee, a partner, or a third party.

2. Policy Statement

CTI is committed to truthful, accurate, and compliant communications at every point of contact with prospective and current Participants and their families. The J-1 Exchange Visitor Program is a cultural-exchange program established under the Mutual Educational and Cultural Exchange Act of 1961 (Fulbright–Hays Act) and administered by the U.S. Department of State. CTI marketing and recruiter communications shall at all times reflect this framing.

3. Approved and Prohibited Terminology

All marketing materials, recruiter scripts, social media posts, advertisements, and Participant communications shall use the approved terminology below. Prohibited terminology may not be used in any channel.

Approved Terminology	Prohibited Terminology
Cultural Exchange Program	Job Program / Employment Program
Training Program / Training Placement	Work / Work Abroad
Host Company / Host Organization	Employer
Participant / Intern / Trainee	Worker / Employee
Stipend / Compensation / Training Allowance	Salary / Wage / Pay
Apply for the J-1 Exchange Visitor Program	Apply for a U.S. Visa / Buy a Visa
Visa application support	Guaranteed Visa / 100% Visa Approval
Return home upon program completion	Path to U.S. residency / Stay in the U.S.

3.1 Specifically Prohibited Claims

Under no circumstance may any CTI communication state, suggest, or imply that:

- Visa approval is guaranteed.
- Participants will earn a specific salary, wage, or income from the program.
- The J-1 program is a pathway to U.S. permanent residency, green-card sponsorship, or long-term U.S. employment.
- Participants may extend their stay in the United States beyond the DS-2019 program end date for purposes of additional employment.
- Off-the-books, side, or unauthorized work in the United States is permitted, tolerated, or facilitated by CTI.
- CTI can secure outcomes that depend on consular or sponsor discretion.

4. Marketing Request and Approval Workflow

4.1 Marketing Request Initiation

All marketing materials shall begin with a formal Marketing Request submitted through the CTI System. Requests may originate from internal teams, partner institutions, Host Companies, or Sponsors. Every Marketing Request shall include:

- Program type (Intern, Trainee, Summer Work Travel, or other expansion category).
- Host Company name and location.
- Program duration.
- Compensation, stipend, or training-allowance details, expressed in approved terminology.
- Housing details (provided / not provided / cost range).

- Benefits, amenities, and inclusions.
- Training scope and responsibilities, consistent with the DS-7002 framework.

4.2 Content Development

The CTI Marketing Team develops visual materials (advertisements, social media graphics, posts) and copywriting (captions, scripts, landing-page text). All content shall use approved terminology, follow J-1 cultural-exchange positioning, and avoid any prohibited claim under Section 3.

4.3 Internal Review and Approval

Each marketing draft is reviewed in the following order:

1. J-1 Executive Team: verifies accuracy of Host Company details, compliance with approved terminology, and absence of prohibited claims.
2. Compliance Team: verifies alignment with this SOP, the Pre-Embassy Screening Protocol (CTI-SOP-J1-001), and the Parent and Student Commitment Agreement (DOC-CTI-J1-001).
3. CEO / President: provides final approval prior to publication.

Materials that have not received all three sign-offs may not be published, distributed, or used in any Participant-facing communication.

4.4 Distribution

- Approved materials are stored in the CTI document repository (OneDrive or Zoho WorkDrive) and tagged with the approval date and approver.
- Only approved materials may be used in any external communication. Modifications by any party — internal or third-party — are prohibited.
- Distribution to third-party recruiters is logged in the CTI System.

5. Recruiter Communications

5.1 Approved Channels

All recruiter communications with prospective Participants shall be conducted through:

- CTI corporate email.
- CTI corporate WhatsApp business accounts.
- CTI-approved internal chat systems.

Personal accounts, untracked messaging applications, and informal channels are prohibited for substantive Participant communication. Where a Participant initiates contact through a personal channel, the recruiter shall redirect the conversation to an approved channel within one (1) business day.

5.2 Communication Standards

- All substantive program communications shall be conducted in English where the Participant's English proficiency permits; otherwise, in Bahasa Indonesia with key terms translated to English to preserve compliance terminology.
- Recruiters shall use only CTI-approved scripts and approved terminology (Section 3).
- Recruiters shall not provide legal advice, visa-outcome predictions, or assurances regarding consular or sponsor decisions.
- Recruiters shall never solicit, accept, or store a Participant's social media password (cross-reference CTI-SOP-J1-001, Section 5.1).

5.3 Recruiter Certification

Before any individual is authorized to communicate with prospective Participants on CTI's behalf, that individual shall complete the CTI Recruiter Certification, which includes review and written acknowledgment of: this SOP; the Pre-Embassy Screening Protocol (CTI-SOP-J1-001); approved and prohibited terminology; and the Participant-side obligations of the Parent and Student Commitment Agreement. Certification is renewed annually.

6. Third-Party Recruiter Agreements

All third-party recruiters operating under the CTI brand or marketing CTI-facilitated J-1 placements shall execute a Third-Party Recruiter Agreement with CTI. The Agreement shall contain, at minimum, the following provisions:

- Express incorporation of this SOP and the Pre-Embassy Screening Protocol.
- A representation that the recruiter has reviewed and will comply with approved and prohibited terminology.
- A prohibition on requesting Participant social media passwords.
- A prohibition on collecting Participant payments outside the CTI payment workflow.
- A right of CTI to audit recruiter communications, including encrypted-channel content shared with consent, at any time on reasonable notice.
- Escalation and termination provisions consistent with Sections 8 and 9 of this SOP.
- Indemnification of CTI for damages arising from the recruiter's non-compliant conduct.

7. Audit Cadence

CTI conducts ongoing audits of marketing and recruiter communications to detect and correct non-compliance. The audit cadence below is the minimum; ad-hoc audits may be conducted at any time.

Audit Type	Cadence	Scope
Public Advertisements	Monthly	All paid and organic ads across Facebook, Instagram, TikTok, YouTube, X, LinkedIn.
Landing Pages	Monthly	All CTI and partner landing pages referencing the J-1 program.
Telemarketing Scripts	Quarterly	Sampled call recordings and live-listen sessions.
Encrypted-Channel Messaging	Quarterly	Sampled WhatsApp, Telegram, and equivalent recruiter conversations (with documented consent).
Recruiter Certification Status	Quarterly	Verification that all active recruiters hold current certification.
Third-Party Recruiter Compliance	Quarterly	Review of third-party communications and contract compliance.

7.1 Audit Documentation

Each audit is documented in the CTI System with: the audit date, the assets reviewed, the reviewer, the findings categorized as Clear / Observation / Non-Compliance, the corrective action taken, and the closure date. Audit records are retained for the duration required by Indonesian PDP Law (UU 27/2022).

8. Escalation Protocol

Where an audit, Participant report, or other source identifies potential non-compliance, the following escalation protocol applies. Severity is determined by the Compliance Team in consultation with the J-1 Executive Team.

Severity	Examples	Response
Level 1 — Observation	Inconsistent terminology in a draft; minor messaging inaccuracy.	Coaching, corrected material, logged in audit record.
Level 2 — Minor Violation	Prohibited terminology in published material; off-channel communication.	Mandatory recertification; written warning; corrective publication.
Level 3 — Major Violation	Prohibited claim regarding visa outcome; off-the-books work suggestion; password request.	Immediate suspension from Participant contact; investigation; senior-leadership review.

Severity	Examples	Response
Level 4 — Termination Event	Repeated Level 3 violations; willful misrepresentation; payment fraud; Participant safety concern.	Termination per Section 9; Sponsor notification; documentation in compliance file.

8.1 Participant Reporting Channel

Participants and their families may report any communication concern, recruiter conduct issue, or potential non-compliance through the CTI Customer Service channels, including by email to compliance@cti-usa.com. Reports are acknowledged within two (2) business days and investigated under this SOP.

9. Termination Protocol for Non-Compliant Recruiters

Termination of a recruiter — internal staff or third-party — follows the steps below. Termination for a Level 4 event under Section 8 is immediate; lesser violations follow the progressive-discipline structure outlined.

1. Immediate suspension of the recruiter's access to CTI Participant communication channels, the CTI System, and CTI marketing assets.
2. Written notice of termination identifying the SOP provision violated and the underlying conduct.
3. Internal documentation: a complete file of the violation, the investigation, and the corrective action, retained in the CTI Compliance archive.
4. Sponsor notification where the violation affects active Participant files.
5. Where applicable, recovery of CTI marketing assets, login credentials, and any CTI-branded materials in the recruiter's possession.
6. Where applicable, legal action under the Third-Party Recruiter Agreement's indemnification provisions.

9.1 Re-Engagement Bar

A recruiter terminated for a Level 4 event may not be re-engaged by CTI in any capacity. A recruiter terminated for a Level 3 event may not be re-engaged for a minimum of twenty-four (24) months, and only following CEO approval.

10. Records and Reporting

All audit records, escalation actions, and termination decisions are recorded in the CTI System with the user identity, timestamp, and supporting documentation. Quarterly summary metrics derived from these records support CTI's broader compliance reporting framework.

11. Roles and Responsibilities

Role	Primary Responsibility
CTI Marketing Team	Content development; submission of materials for approval; archival of approved materials.
J-1 Executive Team	First-line review of marketing drafts; severity determination on escalations.
Compliance Team	SOP ownership; audit execution; escalation triage; termination coordination.
Recruiters (Internal and Third-Party)	Compliance with this SOP; certification; use of approved channels and terminology.
CEO / President	Final marketing approval; Level 4 termination authorization; SOP amendment approval.

12. SOP Governance

This SOP supersedes the prior J1 Program Marketing and Communications SOP (April 2026). Material amendments require approval by the CEO / President of CTI. The SOP is reviewed at least annually and following any material change to U.S. Department of State J-1 regulations, Sponsor policy, or Indonesian law.
